Design System

Understand the Basics
- What is a Design System?
- Need of Design System
- Design System vs Component Library
- What is Atomic Design
- Stakeholders Involved in Building
- Design System Examples

Terminology
- Component
- Component Library
- Design Language
- Governance
- Guidelines
- Pattern
- Pilot
- Token
- UI Kit

Making a Design System
- Making it from Scratch
- Making it from Existing Design

Existing Design Analysis
If building from existing design

- A/B Tests & Experiments
- Regional Requirements
- Documentation

- Performing a Visual Audit
- Identify Existing Design Process
- Identify Design Elements
  - Icons
  - Sizing
  - Visual Forms
  - Color
  - Spaces
  - Typography
- Identify Components
  - Avatar
  - Banners
  - Badges
  - Cards
  - Forms
  - Buttons
  - Dropdowns
  - ...other

Creating Design Language
- Brand
  - Writing Guidelines
  - Tone of Voice
  - Terminology
  - Design Principles
  - Vision
- Logo
  - Monochrome Version
  - Small Use Guidance
  - Placement Guidance
  - Usage Guidance
  - File Formats
- Guidelines
  - Accessibility
  - User Onboarding
  - Microcopy Guidelines

Defining Design Tokens
- Colors
  - Accessibility
  - Functional Colors
  - Dark Mode
  - Guidelines
- Layout
  - Units
  - Grid
  - Breakpoints
  - Spacking
- Typography
  - Responsiveness
  - Grid Relation
  - Readability
  - Performance
  - Guidelines
- Iconography
  - Accessibility
  - Style
  - Naming
  - Grid Relation
  - Sizes
  - Keywords
  - Reserved Icons
  - Guidelines

Creating Core Components
- Avatar
- Banner
- Badge
- Button
- Card
- Carousel
- Dropdown
- Icon
- Select
- Textarea
- Input Text
- Input Checkbox
- Input Radio
- Input Switch
- List
- Loading Indicator
- Modal
- Tabs
- Toast
- Tooltip

Tooling
- Design
  - Design Editor
  - Plugins
  - Version Control
  - Contribution Guidelines
- Development
  - Component Catalog
  - Documentation
  - Code Style
  - Unit Testing
  - Accessibility Testing
  - Semantic Versioning
  - Release Strategy
  - Commit Guidelines
  - PR Templates
  - Contribution Guidelines

Project Management
- Task Management
  - Roadmap
  - Milestones
  - Ticketing
- Analytics
  - Component Analytics
  - Logging
  - Tooling Analytics
  - Service and Health Metrics
- Communications
  - Community Meetings
  - Communication Channel
  - Open Hours
  - FAQs
